ORLANDO – Senator Gary Siplin (D - Orlando) has sent a letter to Mayor Dyer asking him to cease razing historical buildings in Parramore. “In the last 10 years, the City of Orlando has destroyed what is most precious to the residents of the Parramore area, its historic buildings and landmarks such the Carver Theatre,” stated Senator Siplin.

“While it is important revitalize the Parramore area, it is also important to preserve the strong history of this area that dates back over 100 years.”

Senator Siplin is a strong advocate for the people of Parramore and their desire to have a community planned to their satisfaction.

The Senator is in the process of forming a People’s Taskforce for Parramore, which will give their recommendations to the Mayor and the Parramore Taskforce.
